### 1.1 Korišćeni programski jezici

Prilikom izrade ovog sajta koristio sam sledeće programske jezike: HTML, CSS, JavaScript, jQuery, Ajax, XML, XSL. Kodovi su pisani u text editoru Notepad++.

### 1.2 Opis funkcionalnosti

Funkcionalnosti sajtu su sledeće:

Slajder na početnoj strani je urađen u jQuery-ju, korišćenjem plugin-a.

Padajući meni je urađen u jQuery-ju.

Provera podataka preko regularnih izraza u formi za kontakt urađena je preko JavaScript-a, a za login formu preko jQuery-ja .

Pretraga knjiga kao i prikaz preporučenih knjiga urađen je preko Ajax-a i JavaScript-a, a podaci se dovlače iz XML-a.

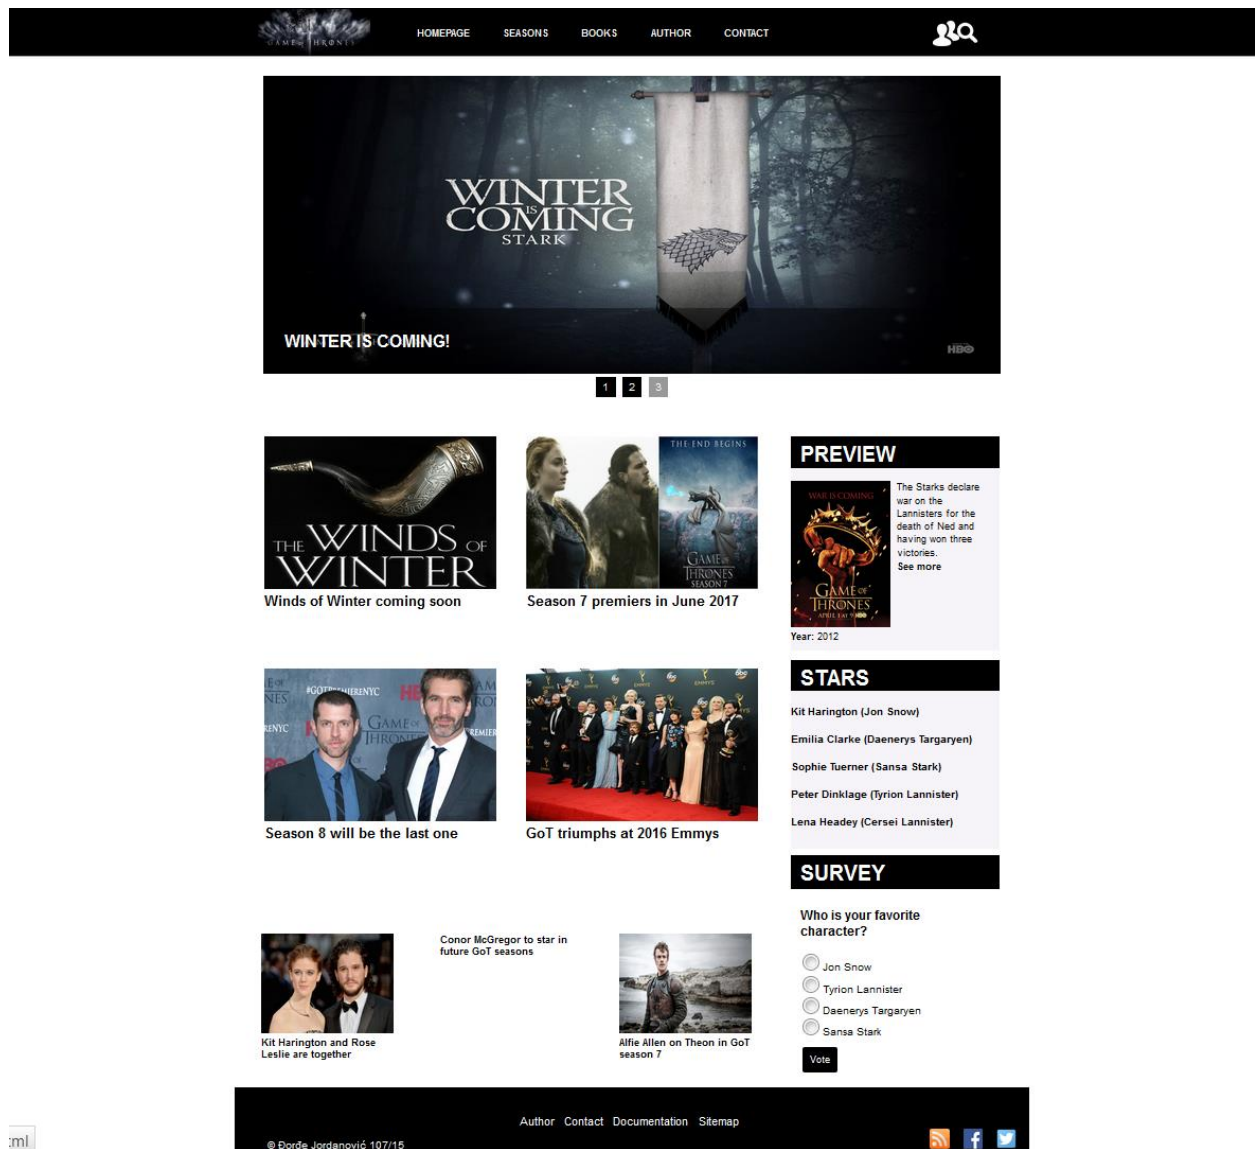

Anketa je urađena preko JavaScript-a.

Iskaćući prozor na stranicama za serije urađen je preko jQuery-ja.

Kolačić koji prilikom logovanja čuva korisničko ime urađen je preko JavaScript-a.

RSS i Sitemap su stilizovani preko XSLT-a.

**GEORGE R.R. MARTIN**  
**A GAME OF THRONES**

A Game of Thrones is the first novel in A Song of Ice and Fire, a series of fantasy novels by American author George R. R. Martin. It was first published on August 1, 1996. The novel won the 1997 Locus Award and was nominated for both the 1997 Nebula Award and the 1997 World Fantasy Award. The novella Blood of the Dragon, comprising the Daenerys Targaryen chapters from the novel, won the 1997 Hugo Award for Best Novella. In January 2011 the novel became a New York Times bestseller and reached #1 on the list in July 2011.

In the novel, recounting events from various points of view, Martin introduces the plot-lines of the noble houses of Westeros, the Wall, and the Targaryens. The novel has inspired several spin-off works, including several games. It is also the basis for the first season of Game of Thrones, an HBO television series that premiered in April 2011.

At the beginning of the story, Lord Eddard "Ned" Stark executes a deserter from the Night's Watch, who has betrayed his vows and fled from the Wall. On the way back, his children adopt six direwolf pups, the animal of his sigil. There are three male and two female direwolf pups, as well as an albino runt, which aligns with his three trueborn sons, two trueborn daughters, and one bastard son. That night, Ned receives word of the death of his mentor, Lord Jon Arryn, the principal advisor to Ned's childhood friend, King Robert Baratheon. During his own visit to Ned's castle of Winterfell, Robert recruits Ned to replace Arryn as the King's Hand. Ned is reluctant, but agrees to go when he learns that Arryn's widow Lysa believes Queen Cersei Lannister and her family poisoned Arryn. Shortly thereafter, Ned's son Bran inadvertently discovers Cersei in coitus with her twin brother Jaime Lannister, who throws Bran from the tower to conceal their affair.

NEW SEASON IS COMING SOON!

[1](#)[2](#)[3](#)

A Clash of Kings is the second novel in A Song of Ice and Fire, an epic fantasy series by American author George R. R. Martin expected to consist of seven volumes. It was first published on 16 November 1998 in the United Kingdom, although the first United States edition did not follow until March 1999. Like its predecessor, A Game of Thrones, it won the Locus Award (in 1999) for Best Novel and was nominated for the Nebula Award (also in 1999) for best novel. In May 2005 Meisha Merlin released a limited edition of the novel, fully illustrated by John Howe.

The novel has been adapted for television by HBO as the second season of the TV series Game of Thrones.

A Clash of Kings depicts the Seven Kingdoms of Westeros in civil war, while the Night's Watch mounts a reconnaissance to investigate the mysterious people known as wildlings. Meanwhile, Daenerys Targaryen continues her plan to reconquer the Seven Kingdoms. With King Robert Baratheon dead, his son Joffrey Baratheon and brothers Renly and Stannis all claim the throne of Westeros. Robb Stark is declared 'King in the North' while Balon Greyjoy declares himself king of the Iron Islands and attacks the western coast of the North. Robb's younger brother Bran Stark finds new friends in Jojen and Meera Reed.

GAME OF THRONES: BEHIND THE SCENES

1 2 3

**GEORGE R.R. MARTIN**  
**A STORM OF SWORDS**

A Storm of Swords is the third of seven planned novels in A Song of Ice and Fire, a fantasy series by American author George R. R. Martin. It was first published on 8 August 2000 in the United Kingdom, with a United States edition following in November 2000. Its publication was preceded by a novella called Path of the Dragon, which collects some of the Daenerys Targaryen chapters from the novel into a single book.

At the time of its publication, A Storm of Swords was the longest novel in the series. It was so long that in the UK, Australia and Israel its paperback edition was split in half, Part 1 being published as Steel and Snow in June 2001 (with the one-volume cover) and Part 2 as Blood and Gold in August 2001 (with a specially-commissioned new cover). The same division was used in the Polish and Greek editions. In France, the decision was made to cut the novel into four separate volumes.

A Storm of Swords picks up the story slightly before the end of its predecessor, A Clash of Kings. The Seven Kingdoms of Westeros are still in the grip of the War of the Five Kings, wherein Robb Stark, Balon Greyjoy, Joffrey Baratheon, and Stannis Baratheon compete for the Iron Throne. Meanwhile, a large host of wildlings approach the Wall under the leadership of Mance Rayder, the self-proclaimed "King Beyond the Wall", with only the undermanned Night's Watch in opposition. Finally, Daenerys Targaryen approaches Pentos.

**GEORGE R.R. MARTIN**  
**A FEAST FOR CROWS**  
*"Tense, searing, heart-wrenching"*  
TIME MAGAZINE

A Feast for Crows is the fourth of seven planned novels in the epic fantasy series A Song of Ice and Fire by American author George R. R. Martin. The novel was first published on 17 October 2005 in the United Kingdom, with a United States edition following on 8 November 2005.

In May 2005, Martin announced that the "sheer size" of his still-unfinished manuscript for A Feast for Crows had led him and his publishers to split the narrative into two books. Rather than divide the text in half chronologically, Martin opted to instead split the material by character and location, resulting in "two novels taking place simultaneously" with different casts of characters. A Feast for Crows was published months later, and the concurrent novel A Dance with Dragons was released on July 12, 2011. Martin also noted that the A Song of Ice and Fire series would now likely total seven novels.

The War of the Five Kings is slowly coming to its end. Stannis Baratheon has gone to the aid of the Wall, where Jon Snow has become the 998th Lord Commander of the Night's Watch. King Tommen Baratheon, Joffrey's eight-year-old brother, now rules in King's Landing under his mother, Cersei Lannister. Brienne, the Maid of Tarth, is on a mission to find Sansa Stark, aided by Jaime Lannister. Sansa Stark is hiding in the Vale, protected by Petyr Baelish, who has murdered his wife Lysa Arryn and named himself Protector of the Vale and guardian of eight-year-old Lord Robert Arryn.

NEW SEASON IS COMING SOON!

[1](#)[2](#)[3](#)

A Dance with Dragons is the fifth of seven planned novels in the epic fantasy series A Song of Ice and Fire by American author George R. R. Martin. In some areas the paperback edition was published in two parts titled Dreams and Dust and After the Feast. It was the first novel in the series to be published following the commencement of the HBO series adaptation, Game of Thrones, and runs to 1,040 pages.

Would-be king Stannis Baratheon and his forces occupy the Wall as Jon Snow, the newly elected 998th Lord Commander of the Night's Watch, sends Samwell Tarly to the Citadel in Oldtown to be trained as a Maester. Sam is accompanied by the ancient Maester Aemon, the wildling girl Gilly, and the newborn son of the wildling leader Mance Rayder, whom Jon has switched with Gilly's baby to save the wildling "prince" from sacrifice by Stannis' red priestess Melisandre. Janos Slynt refuses to acknowledge Jon's authority, and after three public warnings, Jon personally beheads Slynt for disobedience. Though intended to solidify Jon's new position as Lord Commander, it only sows more discord with Slynt's faction. Stannis executes Mance for refusing to submit to him. Jon brokers a truce with Tormund Giantsbane, the leader of the surviving wildlings, allowing them through the Wall and into Westeros in exchange for wildling assistance in defending the Wall against the Others. This creates further unrest among the brothers of the Night's Watch, who have considered the wildlings their enemies for centuries.

### Season 7 coming soon!

The seventh season of the fantasy drama television series Game of Thrones was ordered by HBO on April 21, 2016, just three days before the premiere of the show's sixth season. Like the previous season, it will largely consist of original content currently not found in George R. R. Martin's A Song of Ice and Fire series, but also adapts material from the upcoming sixth and seventh novels The Winds of Winter and A Dream of Spring. The season will premiere later than usual, in mid-2017. Unlike previous seasons that all consisted of ten episodes, the seventh season will consist of seven episodes.

A Game of Thrones is the first novel in A Song of Ice and Fire, a series of fantasy  
novels by American author George R. R. Martin. It was first published on August 1, 1996.

The novel won the 1997 Locus Award and was nominated for both the 1997  
Nebula Award and the 1997 World Fantasy Award.

The novella Blood of the Dragon, comprising the Daenerys Targaryen chapters  
from the novel, won the 1997 Hugo Award for Best Novella.

In January 2011 the novel became a New York Times bestseller and reached #1  
on the list in July 2011.</br></br>

In the novel, recounting events from various points of view, Martin introduces  
the plot-lines of the noble houses of Westeros, the Wall, and the Targaryens.

The novel has inspired several spin-off works, including several games. It is also the basis for the first season of Game of Thrones, an HBO television series that premiered in April 2011.

<p>

At the beginning of the story, Lord Eddard "Ned" Stark executes a deserter from the Night's Watch, who has betrayed his vows and fled from the Wall. On the way back, his children adopt six direwolf pups, the animal of his sigil. There are three male and two female direwolf pups, as well as an albino runt, which aligns with his three trueborn sons, two trueborn daughters, and one bastard son. That night, Ned receives word of the death of his mentor, Lord Jon Arryn, the principal advisor to Ned's childhood friend, King Robert Baratheon. During his own visit to Ned's castle of Winterfell, Robert recruits Ned to replace Arryn as the King's Hand. Ned is reluctant, but agrees to go when he learns that Arryn's widow Lysa believes Queen Cersei Lannister and her family poisoned Arryn. Shortly thereafter, Ned's son Bran inadvertently discovers Cersei in coitus with her twin brother Jaime Lannister, who throws Bran from the tower to conceal their affair.

A Clash of Kings is the second novel in A Song of Ice and Fire, an epic fantasy series by American author George R. R. Martin expected to consist of seven volumes.

It was first published on 16 November 1998 in the United Kingdom, although the first United States edition did not follow until March 1999.

Like its predecessor, A Game of Thrones, it won the Locus Award (in 1999) for Best Novel and was nominated for the Nebula Award (also in 1999) for best novel.

In May 2005 Meisha Merlin released a limited edition of the novel, fully illustrated by John Howe.</br></br>

The novel has been adapted for television by HBO as the second season of the TV series Game of Thrones.

</p></br>

<p>

A Clash of Kings depicts the Seven Kingdoms of Westeros in civil war, while the Night's Watch mounts a reconnaissance to investigate the mysterious people known as wildlings. Meanwhile, Daenerys Targaryen continues her plan to reconquer the Seven Kingdoms.

With King Robert Baratheon dead, his son Joffrey Baratheon and brothers Renly and Stannis all claim the throne of Westeros. Robb Stark is declared 'King in the North' while Balon Greyjoy declares himself king of the Iron Islands and attacks the western coast of the North. Robb's younger brother Bran Stark finds new friends in Jojen and Meera Reed.

A Storm of Swords is the third of seven planned novels in A Song of Ice and Fire, a fantasy series by American author George R. R. Martin. It was first published on 8 August 2000 in the United Kingdom, with a United States edition following in November 2000. Its publication was preceded by a novella called Path of the Dragon, which collects some of the Daenerys Targaryen chapters from the novel into a single book.</br></br>

At the time of its publication, A Storm of Swords was the longest novel in the series. It was so long that in the UK, Australia and Israel its paperback edition was split in half, Part 1 being published as Steel and Snow in June 2001 (with the one-volume cover) and Part 2 as Blood and Gold in August 2001 (with a specially-commissioned new cover). The same division was used in the Polish and Greek editions. In France, the decision was made to cut the novel into four separate volumes.

</p></br>

<p>

A Storm of Swords picks up the story slightly before the end of its predecessor, A Clash of Kings. The Seven Kingdoms of Westeros are still in the grip of the War of the Five Kings, wherein Robb Stark, Balon Greyjoy, Joffrey Baratheon, and Stannis Baratheon compete for the Iron Throne. Meanwhile, a large host of wildlings approach the Wall under the leadership of Mance Rayder, the self-proclaimed "King Beyond the Wall", with only the undermanned Night's Watch in opposition. Finally, Daenerys Targaryen approaches Pentos.

In May 2005, Martin announced that the "sheer size" of his still-unfinished manuscript for A Feast for Crows had led him and his publishers to split the narrative into two books. Rather than divide the text in half chronologically, Martin opted to instead split the material by character and location, resulting in "two novels taking place simultaneously" with different casts of characters. A Feast for Crows was published months later, and the concurrent novel A Dance with Dragons was released on July 12, 2011. Martin also noted that the A Song of Ice and Fire series would now likely total seven novels

The War of the Five Kings is slowly coming to its end. Stannis Baratheon has gone to the aid of the Wall, where Jon Snow has become the 998th Lord Commander of the Night's Watch. King Tommen Baratheon, Joffrey's eight-year-old brother, now rules in King's Landing under his mother, Cersei Lannister. Brienne, the Maid of Tarth, is on a mission to find Sansa Stark, aided by Jaime Lannister. Sansa Stark is hiding in the Vale, protected by Petyr Baelish, who has murdered his wife Lysa Arryn and named himself Protector of the Vale and guardian of eight-year-old Lord Robert Arryn.

A Dance with Dragons is the fifth of seven planned novels in the epic fantasy series A Song of Ice and Fire by American author George R. R. Martin. In some areas the paperback edition was published in two parts titled Dreams and Dust and After the Feast. It was the first novel in the series to be published following the commencement of the HBO series adaptation, Game of Thrones, and runs to 1,040 pages.</br></br>

<p>

Would-be king Stannis Baratheon and his forces occupy the Wall as Jon Snow, the newly elected 998th Lord Commander of the Night's Watch, sends Samwell Tarly to the Citadel in Oldtown to be trained as a Maester. Sam is accompanied by the ancient Maester Aemon, the wildling girl Gilly, and the newborn son of the wildling leader Mance Rayder, whom Jon has switched with Gilly's baby to save the wildling "prince" from sacrifice by Stannis' red priestess Melisandre. Janos Slynt refuses to acknowledge Jon's authority, and after three public warnings, Jon personally beheads Slynt for disobedience. Though intended to solidify Jon's new position as Lord Commander, it only sows more discord with Slynt's faction. Stannis executes Mance for refusing to submit to him. Jon brokers a truce with Tormund Giantsbane, the leader of the surviving wildlings, allowing them through the Wall and into Westeros in exchange for wildling assistance in defending the Wall

against the Others. This creates further unrest among the brothers of the Night's Watch, who have considered the wildlings their enemies for centuries.

<h1>Season 7 coming soon!</h1>

<p>The seventh season of the fantasy drama television series Game of Thrones was ordered by HBO on April 21, 2016, just three days before the premiere of the show's sixth season. Like the previous season, it will largely consist of original content currently not found in George R. R. Martin's A Song of Ice and Fire series, but also adapts material from the upcoming sixth and seventh novels The Winds of Winter and A Dream of Spring. The season will premiere later than usual, in mid-2017. Unlike previous seasons that all consisted of ten episodes, the seventh season will consist of seven episodes.</p>

The Winds of Winter is the forthcoming sixth novel in the epic fantasy series A Song of Ice and Fire by George R. R. Martin.

The previous installment, A Dance with Dragons, covered less story than Martin intended, excluding at least one planned large battle sequence and leaving several character threads ending in cliffhangers. Martin intends to resolve these storylines "very early" in The Winds of Winter, saying "I'm going to open with the two big battles that I was building up to, the battle in the ice and the battle at Meereen—the battle of Slaver's Bay. And then take it from there."

A Victarion Greyjoy chapter will begin five minutes after the end of A Dance with Dragons, taking place on the eve of the Iron Islanders' arrival in Slaver's Bay. Arianne Martell sample chapters that Martin released on his website showed her heading for Griffin's Roost to see the young man who is calling himself Aegon.

Martin said in March 2012 that the final two novels will take readers farther north than any of the previous books, and that the Others will appear in the book

The Winds of Winter was originally intended, in the very early stages of the series, to be the final installment of A Song of Ice and Fire (then conceived as a trilogy). Following his expansion of the series, Martin eventually concluded it would be succeeded by one final novel, A Dream of Spring.

By June 2010, Martin had finished four chapters for The Winds of Winter from the viewpoints of Sansa Stark, Arya Stark, and Arianne Martell.

<h1>Season 8 will be the last one</h1>

<p>

HBO has just answered a huge lingering question about Game of Thrones.

EW asked the network's new programming president Casey Bloys if he plans to go along with showrunners' David Benioff and Dan Weiss' oft-stated desire to end their fantasy hit with season 8.

Bloys said yes, that is the current plan – the first time somebody at HBO has confirmed this.

"Yes, they have a very specific plan about the number of seasons they want to do," Bloys said at the Television Critics Association's press tour in Beverly Hills on Saturday. "Believe me, as the new [programming executive] coming in, if I could get them to do more. I would take 10 more seasons. But we take their lead on what they think they can do the best version of the show."</p>

<p>The showrunners have also planned for the eighth season to consist of merely six episodes. On that front, however, Bloys said the exact number of season eight episodes is not yet final.</br>

</br>We then asked if the team is considering a Thrones spin-off to continue the valuable franchise. Thrones is one of TV's most watched shows with 25 million total viewers this year across all platforms.</p>

<p><br>"We've talked about it," he said. "It's something I'm not opposed to, but of course it has to make sense creatively. I'm not sure that [Benioff and Weiss] could really wrap their heads around it when they're just about to start production [on season 7]. It's a pretty intense production, they're about to start production soon. I'm open to it. The guys weren't opposed to it, but there's no concrete plans for it at this point."</p></br></br>

<h1>Kit Harington and Rose Leslie are together</h1>

<p>

Kit Harington recalls the moment he and girlfriend and former Game of Thrones co-star Rose Leslie fell in love. The actor, who plays Jon Snow on the HBO series, and Leslie, who played his character's love interest Ygritte, have been dating on and off since 2012. A source had told E! News in January Harington and Leslie had rekindled their romance. The two, who are notoriously private, officially stepped out as a couple at the 2016 Olivier Awards at the Royal Opera House in London in April, where they showed some PDA on the red carpet.</p>

<h1>Conor McGregor to star in future GoT Seasons</h1>

<p>

It appears that Hafþór “The FrankenMountain” Björnsson may not have to keep carrying the weight of Game of Thrones’s buffness levels on his shoulders all by himself anymore. A new rumor claims that someone with whom Hafþór has had dealings before may be involved in one of the two remaining seasons: famed UFC fighter Conor McGregor.</p></br></br>

<p>We’ll have to wait and see if any of this pans out. If it does, the question will then become what McGregor’s role will be. As I see it, there are three options: He will play a fully fledged character, which is perhaps unlikely for a non-trained actor; He will play a mostly physical but still major role like Björnsson does; Or, lastly, that his presence in Game of Thrones will amount to a cameo, not unlike the many blink-and-you-miss-it appearances throughout the show’s history by European bands the producers enjoy.</p></br></br>

<h1>Alfie Allen on Theon in Season 7</h1>

<p>

The highly anticipated seventh season may still be months away but the cast is already talking it up with excitement! At the Malta India Fan Convention, Alfie Allen (Theon Greyjoy) teases fans with hints of what we can expect from Game of Thrones season 7. Allen boasts about the newest season and what we should prepare ourselves for “More of the same...but better! More dragons; more torture!” I’m always down for more dragons, so bring it on! Hopefully the torture won’t be at Theon’s expense; hasn’t he been through enough? As for Theon’s current emotions and where it could go in the future, Allen describes him as “Skittish and full of fear...Basically, and then that can kind of, I guess, evolve into rage, which you might see...who knows?</p>

<p>

</br>

Who will that rage be directed at next season? His uncle Euron? Or maybe a certain bastard after their intense reunion, or his fellow Ironborn?

When asked how Theon will feel when he sees Jon Snow or Sansa again, Allen corrected the audience. “You mean IF that happens,” Alfie said. “Gotta stop looking at the internet, guys!”</p></br></br>
